Information Sheet

TLIF2080

Safely access the rail corridor

Rail Industry Worker (RIW) Induction

TLIF2080 is a unit of competency from **TLI21918 - Certificate II in Track Protection**.

It is a national unit of competency developed to meet the applicable rail safety requirements including acts and regulations from the applicable state or territory together with any nationally approved compliance codes and/or guidelines.

JMDR are licensed by Transport for NSW to deliver this induction training package for persons required to work in the Transport for NSW Realm (Sydney Trains, NSW Trains and Sydney Metro).

Learning Outcomes:

On successful completion of training participants will:

- Gain an understanding of rail terminology, basic signalling indications, rules and regulations for people working in the rail corridor, knowledge of a safe place, Electrical safety, personal & legal requirements of fatigue, drugs, and alcohol
- Receive a Statement of Attainment for:

TLIF2080 Safely access the rail corridor

Requirement for attending Training:

Learners will be required to display adequate core skills of being able to learn, read, write, and take part in oral communication and numeracy.

To attend training, you must:

- Provide a USI (Unique Student Identifier). Ref: usi.gov.au
- Complete a Category 3 Medical Assessment
- Complete 100 points of identification
- Have confirmed enrolment details and paid the course fee

To receive a Statement of Attainment for TLIF2080 – Safely access the rail corridor you must pass a theory and practical assessment and provide a CAT3 medical certificate (hearing/vision/mobility/drug & alcohol testing) from an approved Transport for NSW medical practitioner.

Location: The training is conducted at our training rooms in the Sydney CBD; at Level 3, 263 Clarence St, Sydney, NSW 2000.

We are very close to Town Hall Train station.

Schedule: Wednesdays at 7:30am (availability and/or other times/days confirmed upon application)

Contact:

JMD Railtech Group
Level 12, 477 Pitt St
Haymarket, Sydney NSW 2000

Ph: (02) 9169 4833
Email: training@jmdr.com
Website: jmdr.com

Training includes face to face learning, demonstration, and discussion, and is delivered using TfNSW courseware and in accordance with TfNSW requirements.

Assessment

Learning and assessment activities will be conducted by our trainer/assessor using a range of evidence gathering techniques throughout the course, including written and practical demonstrations. You must pass the theory and practical assessment and provide a CAT3 medical certificate to receive a Statement of Attainment for the nationally endorsed competency TLIF2080 – Safely access the rail corridor.

Fees and Enrolment:

The course fee is **\$225 inc. GST**, or **\$485 inc. GST** with a same day Category 3 medical. This includes workbook and assessment material.

Participants must provide payment, a **completed enrolment form, agree to our terms and conditions and provide a valid USI number** before training commences.

Additional costs apply for the required medical assessment and RIW card application.

Please note – The following additional requirements for work in the rail corridor are:

- A worker must apply for, and be issued with an RIW card
- Workers may only enter the Danger Zone, if approved by a qualified Protection Officer.
- Any work activity must be assessed before it is commenced within the Rail Corridor by a qualified Protection Officer to determine whether it may require entry to the Danger Zone.
- Any specific industrial and jurisdiction requirements for work in the rail corridor.

Application for RIW Card: for more information go to www.riw.net.au

Upon successful completion of training, applicants must arrange with an employer/registered organisation to apply for a Rail Industry Worker (RIW card). This will require a:

- A Category 3 medical certificate which is current for a period of 5 (five) years issued by a Medical Practitioner authorised by RIW.
See <https://www.riw.net.au/authorised-health-professionals/>
- A 100-point id check
- A Statement of Attainment for TLIF2080 – Safely access the rail corridor.

Cost for issue of RIW card and uploading data to rail industry worker onsite system is additional to the course fee and payable to the RIW card provider (approximately \$100 + GST).

Course support available:

If you have any special circumstance or support required, this can be identified in the enrolment form. If you have additional requirements or require more information, please contact our training reception who can assist or put you in touch with the person able to assist you further. For further information about services and assistance download the Student Handbook from our website or phone or visit our office.

Please report any injuries or any learning concerns to our personnel prior to training.

Please refer to the JMDR Student Handbook for details about our terms and conditions and support available.
